

Welcome to Foxes Class.

We are in Year 3 and 4.

This term our Learning Journey is called Mighty Metals. Our focus text this term is The Iron Man by Ted Hughes. This fantastic novel will inspire us throughout our topic in a variety of subjects. In English, we will be writing fantasy stories, instructions about how to build our own robot and if we have time at the end of the term, newspaper reports.

In Geography, we will be learning the continents and capital cities that make up our world. We will also be studying human and physical features around the UK and comparing these with other countries. In PSHE, we will be finishing our learning about the environment and moving onto managing money. In RE, we will be learning about Shavuot.

This term in maths, we will be covering multiplication and division. Please can all pupils practice their times tables frequently as these will form the foundation blocks throughout this unit.

Homework

Homework will be set on a Wednesday and is due in on a Monday.

Alongside paper homework, pupils are expected to complete their allocated activities on Lexia (if they have been given an account) and Mathletics (every child has an account). An adult will be checking on your child's progress each week and be setting work that will support your child's learning in school.

Spellings will be set each week and tested the following week.

Pupils are expected to read their banded reading book at home **with an adult** 4-5 times a week. Dojos will be awarded to pupils that complete this reading each week.

Want more reading? Pupils will now be given the option to take an additional book from school to share with parents. Also, don't forget you can read e books using your Big Cat Books login too!
