

English/Phonics

This term we will be learning to use exclamation marks correctly in our writing.

We will be reading the non-fiction book: *Toys and Games* and we will be learning to write a report about toys.

We will be reading the story 'The Queen's Hat' and writing our own stories based upon it.

We will be continuing on phase 5 in our phonics.

Science

We will be learning about the season of Spring and how it is different to the season of Winter.

We will also be learning about everyday materials and their uses.

Maths

This term we will be about addition and subtraction within twenty. We will also be learning to recognise and order numbers confidently.

We will then be moving on to numbers to 50.

P.E

We will be having our weekly P.E sessions to help develop our agility, balance and co-ordination. This term our focus is running and jumping. We will then move on to games for Term 4.

Humanities

This term our focus is History. We will be learning about timelines; what life was like for children in the 1950's and about Queen Elizabeth's coronation at that time.

Next term we will be learning about the four countries of the UK and that the capital city of England is London.

PSHE/R.E

We will learn to about being kind and how to be a good listener. We will also be learning about expressing our feelings.

We will be learning about the story of Creation in R.E and then moving on to the Easter story.

Childhood

Art and Design/Music

In Art we will be creating our own city collages based on the work of LS Lowry.

In music we will be learning to find the beat of music and learn how to appraise different pieces of music.

Computing

We will learn to group and sort objects using a computer programme.

We will then be learning to follow and create simple instructions on the computer.
